Tells Need For Junior College

Lester J. Harman, superintendent of the North Chicago Community High School and chairman of the Public Information Committee of the Lake County Community College Assoc., was the featured speaker at the Monday evening meeting of the Antioch Grade School PTA.

Mr. Harman spoke to the group about the proposed Lake County Junior College. Mr. Harman stressed the advantages of a local Junior College which would be within the financial and geographical reach of so many, especially in this day when education is so essential.

Mr. Harman pointed out that there would be fewer college drop-outs, as adjustment to college life is easier in the local Junior College. The two-year Junior College course would serve as the first two years of a full four-year course for students who wished to transfer to another college. For other students, the Junior College course would be ample.

Adults who wished to take evening courses would also benefit greatly from the Junior college. The institution, Harman said, should also be an important cultural center of the community.

An added feature of the PTA meeting which was of interest to parents was the Book Fair.

Board Purchases Equipment For Industrial Arts

The Board of Education of Antioch Community High School at its Wednesday night meeting inspected new equipment in the Industrial Arts Dept. which is being used to broaden the curriculum in that area. The Board

last spring had approved the purchase of the equipment for broadening the study of Electricity and Electronics.

The salary program committee, composed of three board members, three teachers, and Mr. Denman and Mr. Dittman, will hold its first meeting next Wednesday to discuss 1964-65 salaries. Members of the committee are Lorraine Cheatham, Milburn Cain, Roger Prossie, Lawrence Eggleston, Ward Lear and Lucian MacLaine.

The Board approved the installation of an understructure for a press box in the athletic area at a cost of about \$800.00. The understructure will be installed by Standard Steel Bleachers Division, and will be behind the bleachers.

David Cain, representing the firm of Jodele & Cain, Accountants, gave a financial report to the Board. The firm has taken over the school's bookkeeping.

Cain reported another distribution of tax money in the amount of \$143,500.00. The committee on investments and Superintendent Dittman have invested the money in government bonds, for varying lengths of time. According to Dittman, 80% of the tax monies due for 63-64 have been distributed. The final payment can be expected in January or February.

Joseph Rush, chairman of the Fine Arts Dept., reported that about 110 students attended the Summer Music Camp at East Bay Camp at Lake Bloomington. The Board authorized Rush to contract for the 1964 summer camp.

The Board authorized the Chicago Fence & Equipment Co. to install a three-foot gate in the fence north of the school property at Bishop St. Fire Chief Edgar Simonsen had pointed out that the fire hydrant was outside the gate, a cause of delay in an emergency.

Asst. Superintendent Warren Polley reported that 45 adults are attending evening classes, in shorthand, typing, office machines and sewing.

Broiling Hamburgers Cause Fire Call

The Antioch Fire Department rushed to the scene and a quiet Sunday afternoon was disrupted when the Turner children of Woodcrest Subdivision decided to broil some hamburgers last Sunday.

Grease from the hamburgers splattered on electric coils in the oven and caught fire. Eleven-year-old Susan Turner rose to the occasion by throwing a glass of water on the fire.

This only made matters worse, and the fire blazed so merrily that Mrs. Gene Turner, the children's mother, called the fire Dept.

Matters were under control by the time the fire dept. got there, though. Little damage was done, except to the hamburgers.

Fall Festival For Tavern Owners Sat.

By Lou Durkin

Lake County tavern owners will doff their aprons and come out from behind the mahogany tonight (Thursday) for the annual Fall Harvest Festival sponsored by the Tavern Owners Association of Lake County at Hank's Supper Club, Old Skokie Rd., Park City.

Members of the association and their guests will dance to the music of King Jaros and his orchestra and will be entertained by a full scale floor show, according to Mary Turner, of Hickory Corners, chairman of the party committee.

Serving on the committee are Mary Smith, of the White Villa, Druce Lake, and Ray Traves, of Loon Lake.

It's That Time Again—

Summer's over. The melancholy days have come—the time when we turn back the clock, and regrettably—or with a sigh of relief, according to your nature—relinquish that extra hour of daylight in the evening.

At 2 a.m. Sunday morning, if you care to stay up to be meticulously correct, is the time to go back to Standard Time. Sunday morning, October 27, you can sleep an hour later.

Wisconsin has been back on Standard time for a month, and commuting residents of both states will be very happy when the two states have uniform time.

So turn your clock back one hour Saturday night or Sunday morning. Don't forget, or you may get to work an hour early Monday morning.

Regal China Workers Vote Against Union

Workers at the Regal China Plant in Antioch voted against joining the International Brotherhood of Teamsters by a vote of 111 to 57 last Friday.

Voting at the plant was conducted from 2:30 - 6:30 p.m. last Friday. This is the third time workers at Regal China have voted against a union shop.

License Suspended

The Driver's license of Jerald A. Jacobs, 416 Harden Ct., Antioch, has been suspended after three violations, according to an announcement from the office of Secretary of State Charles F. Carpentier.

Savings Bonds Sales Rise

Lake County residents purchased a total of \$371,689 in series E and H United States savings bonds in September, according to Philip L. Spidel, Lake Forest, Illinois, general county chairman of the savings bonds committee.

In the state of Illinois sales were \$29,120,011, exceeding last September by 29.1%, according to Arnold J. Rauert, state director of the U. S. savings bond division. In the first nine months of this year 82.8% of the state's 1963 quota of \$341,200,000 has been reached.

The great increase in sales in the state and nation reflects the success of the Freedom Bond Drive which ran from May 1 through July 4, according to Rauert.

Laundry Owners Attend Convention

Mr. and Mrs. Emerson R. Sander, and Mr. and Mrs. John F. Dallman, Route 1, Spring Grove and Antioch, respectively, attended the National Automatic Laundry and Cleaning Council convention and exhibit in Chicago this week.

Messrs. Sanders and Dallman, co-owners of the Sunshine Laundromats, at Rt. 59 and 173, in Antioch, and Linden Plaza, in Lindenhurst, were among some 3,000 self-service laundry and dry-cleaning equipment manufacturers, distributors, suppliers and store owners who learned that modern housewives are spending almost half of their \$678 million laundry budget per year in coin-operated laundry stores, and that the same is in the offing for self-service drycleaning.

The new officers are: Joyce Herman, president; Josephine Olisar, vice-president; Karen Scheel, treasurer; Susan Masek, secretary; and Linda Herman, librarian.

The band is preparing for the tenth annual Christmas concert. The concert is scheduled for December 8.

Action on Drivers License Announced

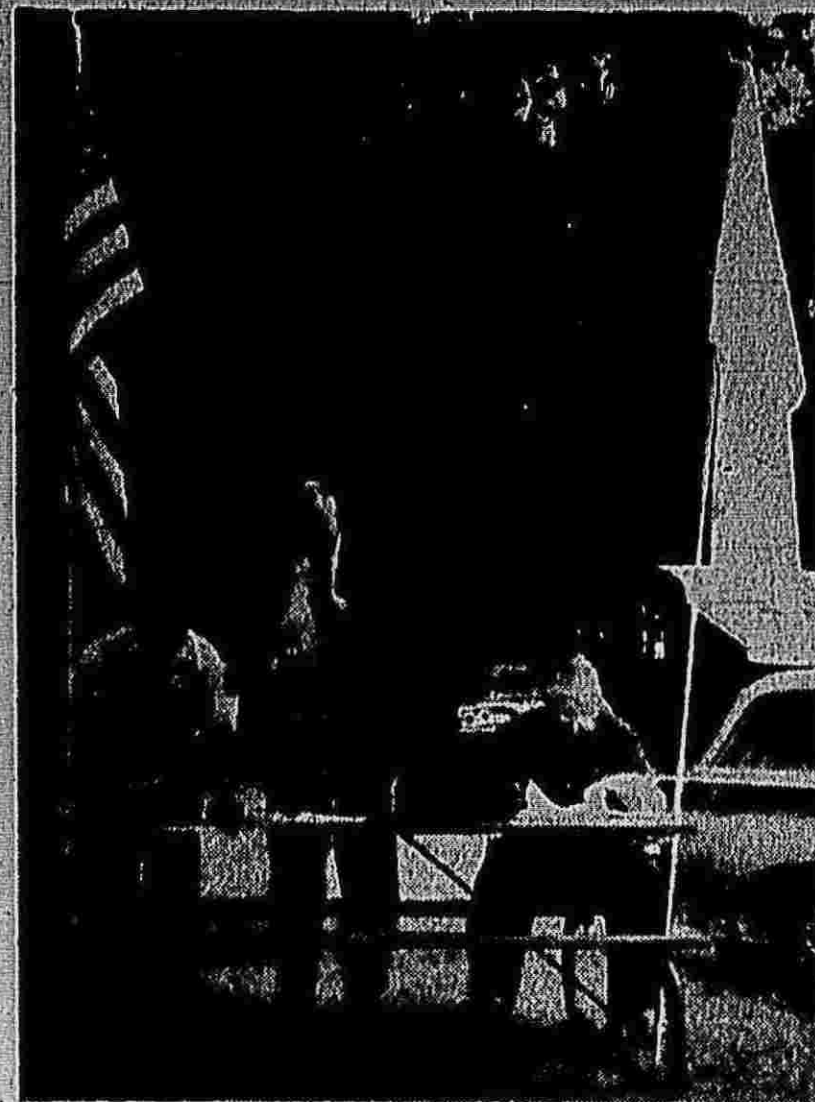

The office of Secretary of State Charles F. Carpentier has announced the following actions by the Drivers License Division of his office:

Suspension of driver's license following three violations, Thomas R. Anderson, Rt. 4, Box 387, Antioch; Probationary permits issued to Terry W. Luster, Rt. 4, Box 79, Antioch and to Francis J. Schmidt, Rt. 4, Box 94B, Antioch.

Former Resident Dies In N. Dakota

Word has been received in Antioch of the death of Charles B. Thornton, 58, in North Dakota on Monday, October 21. Mr. Thornton was a resident of Antioch before moving to North Dakota.

Services are pending at the Strang Funeral Home in Antioch. Friends may call the funeral home for information.

JAMES McMILLEN, Superintendent of State Parks, was the guest speaker at a meeting of the Illinois State Association of the National Campers and Hikers held at Bliss Woods Park, Aurora. Left to right, Ward Edwards, president, James W. McMillen and William Morrison, secretary.

Legion Paints Hall, Drives For Members

American Legion Post No. 748, in the midst of a membership drive, is repainting the American Legion Hall on Ida Avenue. The hall has served as a meeting place for numerous clubs and occasions over the years. Last Saturday George Swenson, John Horan, Jack Horan, George Ott, Don Gaston, Douglas Dean and Anthony Bishoberger were busy refurbishing the building. Post 748 is aiming for 100% membership of eligible persons by Veterans' Day on Nov. 11.

Among other things, Post 748 has sponsored Boy Scout Troop 91 for at least 18 years. They aid disabled veterans and do welfare work among the vets.

Antioch, Post 748 has the distinction of having as one of its members a member of the Founder's Association of the Legion, one of the first members of the Legion when it was formed. Walheim Reinhardt was a member of Paris Post No. 1, and became a member while still serving in France.

Losi: One Yellow Kitten

Have you seen a six-month-old yellow and white kitten, named "Ollie" wandering around in the last couple of days?

Ollie, it seems, wandered away from his young master, two-year-old Billy Gray of 311 Ida Ave., when they were both out in the yard a couple of days ago. He hasn't returned. And Billy is inconsolable.

Ollie is a male. If you've seen him, call 395-0469.

Missouri Women Hurt In Collision

Mrs. Myrtle Williams, Lee Summit, Mo., was injured and hospitalized in an accident on Route 173 just east of Deep Road at about 4 p.m. Monday, Oct. 21.

Her husband, driver of the car, Edgar Williams of Rt. 2, Box 37 387, Lee Summit, was uninjured.

The accident occurred when a one-half ton dump truck, going west on Route 173, turned left into a driveway. The driver of the truck, owned by the West Asphalt Co. of Gurnee, was Paul R. Cameron, 51, of Beach Road, Zion. He said he signalled a left turn. Williams, following the dump truck, said the truck did not signal a turn. Williams started to pass the truck as it turned. He said he applied his brakes, but hit the rear dual wheels.

No citation was issued to either driver. Mrs. Williams was taken to Antioch Clinic by the Antioch Rescue Squad. She was treated by Dr. Bobzien, then taken to Victory Memorial Hospital by the squad.

G.S. Band Elects New Officers

The Antioch Grade School Band elected officers for the coming year at a meeting this week.

The new officers are: Joyce Herman, president; Josephine Olisar, vice-president; Karen Scheel, treasurer; Susan Masek, secretary; and Linda Herman, librarian.

The band is preparing for the tenth annual Christmas concert. The concert is scheduled for December 8.

ANTIOCH ILLINOIS BELL TELEPHONE CO. employees Julia Portalski, Lena Messago and Karen Ring (left to right) start the public collection of books in the "book barrel" set up in the telephone company business office - 932 Main Street - for donations to hospitals, old folks' homes and penal institutions. The drive for reading materials is sponsored by the Lakeland Council of the Telephone Pioneers of America, a group of telephone employees with 21 or more years of service dedicated to civic work. Mrs. Messago is historical chairman of the Lakeland Council. You can help by bringing your spare books to the Telephone business office.

Set Hearing Date On Petition For Junior College

Dr. W. C. Petty, County Superintendent of Schools, has announced that a hearing will be held on Thursday, November 21, on the petition to hold a referendum calling for the building of a junior college in Lake county.

The hearing will be held at Warren High School at Gurnee, and will start at 8 p.m. Evidence will be heard of the need for a junior college, and anyone for or against the proposition will have an opportunity to voice their views. Areas which are excluded from the junior college district in the proposed plan, as now present-

ed, will also have a chance to say whether or not they wish to be included in the district.

After the hearing, Dr. Petty will decide, on the basis of evidence presented and views expressed, whether or not to hold a referendum on the petition as presented, or whether to make some changes in the proposed referendum.

Dr. Petty said that he would prefer, unless the hearing brings out evidence to change his opinion, that the referendum be held on a county-wide basis. The present proposal excludes

Barrington, Highland Park, Deerfield and Lake Forest from the junior college district. The reason given in the preliminary survey for not including these districts was that they are at present considering plans to join with other areas in establishing a junior college. Dr. Petty said, however, that as no vote has been taken in these areas there is no way of knowing the wishes of the majority of the people as to whether or not they should be included in the referendum. He is hopeful that some light will be shed on this subject at the hearings.

Dr. Petty also pointed out that inclusion of the districts in the junior college district would spread the tax burden.

It will be extremely difficult, Dr. Petty said, to set up the mechanics of voting on the junior college referendum under the proposed referendum, while with a county-wide vote it would be comparatively simple.

With the proposed referendum 29% of the area involved is in the unincorporated areas of the county, valuation-wise. The law provides that if more than 25% of the assessed valuation lies in the unincorporated areas, the incorporated areas and unincorporated areas must vote separately, and the votes be counted separately. If the total vote of the unincorporated area defeats the proposition, the proposal would be defeated, even though the majority vote might be in favor.

Under this set-up, Dr. Petty said, numerous small precincts will have to be established in unincorporated areas.

If the vote were county-wide, Dr. Petty pointed out, only 22% of the assessed valuation of the district would lie in unincorporated areas, making it unnecessary to keep the vote of the incorporated and unincorporated areas separate.

"I'm not lazy," Dr. Petty pointed out, "and I will set up the vote in this manner if I'm convinced that this is what the people want. But so far I have no real evidence that the people of the districts which are excluded do not wish to join the junior college district. This is one of the purposes of the hearing—to find out what they want."

"Under the present set-up," Dr. Petty pointed out, "One youngster could attend the college without paying tuition, while his neighbor across the road, living in the same county, would have to pay tuition."

McHenry County is preparing to vote on the establishment of a junior college on a county-wide basis sometime in early December.

If, after the hearing, Dr. Petty decides to hold the referendum, he must wait 40 days before calling the election. The earliest possible date for the vote would be sometime in January.

Six Steps to Relieve Algae Recommended

Recommendations on steps to be taken to relieve the algae problem in the Chain O' Lakes area are contained in a report released by Congressman Robert McClory.

The report was prepared by the U. S. Public Health Service. It gave a number of reasons for the excessive algae bloom and offered the following suggestions for alleviating the condition:

1. Creation of an area-wide master sewage plan.
2. Reduction in nutrients which encourage algae growth.
3. Prohibiting future construction of long, narrow embayments where stagnant water conditions develop.
4. Regulating the flow in the lakes by upstream storage.
5. Further treatment of waste waters.
6. Introduction of biological controls such as restocking fish and establishing rooted aquatic plants in the lakes.

It is expected that local meetings will be held to consider the recommendations with a view to preventing the recurrence of the algae conditions which occurred last summer.

Attends Convention

Dr. Albert A. Bucar, 395 Orchard St., Antioch, was among the 700 optometrists in attendance at the 56th Annual Educational Congress and convention of the Illinois Optometric Assoc. at the Hilton Hotel in Aurora recently.

Several new developments in contact lenses were discussed at the convention.

Hire New Secretary

Mrs. Bruce Dalgaard, 627 N. Main St., has been hired as secretary of the Antioch Grade School. She will fill the vacancy created by the resignation of Marcia Palmer.

Widow Presented With Chalice

The Bishops Quarter Fourth Degree General Assembly of the Knights of Columbus presented a Chalice to Mrs. John Topercer, the widow of Sir Knight John C. Topercer, at a recent meeting.

A Chalice is presented to the next of kin on the death of a Sir Knight of Bishop Quarter Fourth Degree General Assembly, which is composed of members from seven different councils in Lake County. The recipient in turn presents it to a newly ordained priest or mission.

Crosswalk - - Enter At Your Own Risk

Recently, we wrote an editorial cautioning children from Antioch Grade School to cross at the crosswalks to avoid injury. You probably read some of the letters the children wrote in reply to the editorial. Most of them said that crossing at the crosswalks was useless, because cars didn't stop for them anyway.

The children suggested installing traffic lights at the corners, which seems like an excellent idea, except that Main St., being a state highway, is under the jurisdiction of the state. The state would have to install the stop lights. And the ponderous machinery of state government is not noted for fast action on such matters. So the present school children are quite likely to be grown up and out of school before the state takes action on their request—if they ever do.

A suggestion contained in a letter to the editor by Mrs. Dorothy Himelhoch seems a much better immediate solution. And that is—strict enforcement of the law stating that motorists shall yield the right-of-way to pedestrians in crosswalks.

A good many motorists are unaware that the law—as stated in Rules of the Road—says that motorists shall stop at a crosswalk if pedestrians are crossing. We've noticed a complete disregard for that rule in Antioch. Many motorists don't even slow down as they approach a crosswalk where someone is trying to cross. The car being bigger than the pedestrian, the pedestrian usually yields. It's especially difficult for children to cross under these conditions.

It wouldn't take a very long campaign of strict enforcement of the rule to make motorists respect the pedestrian's right to cross at crosswalks without dodging traffic. Most of the offenders are local people. A few fines would go a long way toward solving the problem.

And a few signs placed along the streets at crosswalks warning motorists that they must stop for pedestrians in the crosswalk would do a lot of good, too. The state could hardly object to having a law enforced on its highway.

Warning signs at the corner of Main and Depot St., and particularly tough law enforcement at this corner might save a child's life, and would certainly do much to relieve their parents' worry.

One Solution for School Drop-outs

Governor Kerner has announced the establishment of a program that could be worked into a program to combat the school drop-out problem and an aid in curing unemployment.

The Governor has announced the establishment of a four-year apprenticeship program for automotive mechanics and body and fender repairmen, the first such manpower training program in the nation to be developed by a state government.

The apprenticeships would be served in State of Illinois highway garages of the Dept. of

Public Works and Building, enabling young men to "earn while they learn".

The success of the program, of course, will depend on the quality of the teaching the young men receive. But it contains the germ of an idea which has already been put into action in at least one city in our country, and which could certainly be put into action in almost any high school to the mutual benefit of many students and local industry.

While employers are crying for competent skilled labor in dozens of fields, young men all over the country are finding, despairingly, that they have nothing to offer in the labor market. Many are school drop-outs, for various reasons or combinations of reasons. Some are unable to absorb the conventional courses offered in their high school; some simply aren't interested; financial difficulties are often a contributing factor.

Most of these young men could be trained in a skill, and many would become deeply interested and develop into valuable men at their trade—if they were presented with the opportunity.

In Bedford, Ohio, they're doing something about it. The president of a large Machine Products Corp. contacted the local high school principal, and together they worked out a way to meet the demand for skilled help, and to provide a useful education for young men who wanted to learn a skill.

The local industries supplied used machinery to supplement the existing Industrial Arts Dept. They also supplied enough of the time of their men who were skilled in use of the machines to teach the instructors and the students in their use. A system which saved the taxpayers money, benefited the students, and eventually benefitted industry by providing them with a source of skilled help.

The Bedford Program places emphasis on the Machine Shop, although a variety of other courses are available. Over two hundred boys have completed the course and are working in industry.

Here is a practical, down-to-earth demonstration of the way industry can aid in solving local problems at no great cost to itself. The co-operation of local school boards and school officials is required, of course. Most of all, in any community, someone is needed with enough initiative to start the program and overcome the objections of the "it-won't-work" cult.

additional seats and cut down the control of the senate now enjoyed by the GOP.

This interpretation, of course would be contested by the Republicans and it looks more and more as though the Illinois Supreme Court will have to make the final decision on the re-districting problem.

Convinced that the Illinois Supreme Court will overrule objections of that "off-beat taxpayers' group" to the construction of a new courthouse, the Lake County Public Building Commission will open bids for the project on October 31.

The suit to block construction of the courthouse has been placed on the emergency list by the Supreme Court and a decision is expected before Nov. 1, according to Chairman August Cepon.

Members of the Tavern Owners Assn. of Lake County will enjoy a busman holiday tonight (Thursday) when they take in the Harvest Fall Festival at Hank's Supper Club.

The committee, headed by Mark Turner, of Hickory Corners, has lined up a top-notch show and assures members of a rousing time.

Although the party is primarily for association members and their guests it is a safe bet that the field of politics will be well-represented at the gathering.

And speaking of parties, the Fifth Annual Retirement Party for former North Chicago Police Chief Jacob Novak is slated for Nov. 14.

The popular police officer is reputed to have one of the finest collections of diamond-studded gold stars in the country.

Years ago, George Bernard Shaw, no great admirer of Winston Churchill, dashed off a note to him: "I am enclosing two tickets for the opening performance of my new play. One ticket is for you and the other for a friend—if you have one."

Churchill wrote back: "Thanks for the tickets. However I am returning them since I will be unable to attend the opening performance. But I shall attend the second performance—if you have one."

According to Bairstow the 29 state senators who would be up for election in 1964, including State Senator Robert E. Coulson, would also run-at-large in a state-wide race if the re-apportionment commission fails to reach a satisfactory decision.

Since only seven of the senators up for election are democrats, they would have a chance to pick up some

In bright arrays of gold and brown
The autumn leaves come fluttering down,
And as they fall with whis-
pered sigh
The zephyrs kiss each leaf
goodbye.

It is the time of mists and haze,
Of Indian summer's fleeting days
When through the air on alken down,
The milkweed floats its seeds
of brown.

Against the sky—a thrilling sight,
The songbirds drill for south-
ward flight;
It is a time of beauty, true,
But beauty fraught with sad-
ness, too.

For autumn is the final scene
In lovely summer's golden dream;
It marks the close of sum-
mer's day.
It is the last act of her play.

Too soon the curtains will be
drawn,
Her gentle actors will be
gone.

Then on the stage left vacant,
bare,
Will enter winter with frost-
white hair.

With ruthless tread his
frozen feet
Will fill its space with snow
and sleet;
He'll glare at us with icy
scowls

And rave and rant with
blustering howls.

We'll watch, of course—
perforce we must—
But in our hearts we'll hope,
and trust
That winter's show will not
last long

And summer will return
anon.

Once more to deck the stage
in green
And set it for her opening
scene,
Then birds, returned, with
joy will sing
As enter the awakened
spring.

Letters to the Editor

October 1, 1963
Dear Antioch News Editor:
I read with interest your editorial "Don't Get Careless, Kids." Also the pointed replies of Mr. Dierking's class. As a former Illinois gal who has lived and driven in California for five years, I believe I have a germane observation.

In California, as in Illinois, the law states that motor vehicles must yield the right of way to pedestrians in a crosswalk. In California that law is strictly enforced. In Illinois it is not (I drove in Illinois for 8 years; I am certain of this point.) In California drivers stop for pedestrians in crosswalks. In Illinois they do not.

I am not lauding California drivers or law enforcement. Ask my father, Harry Stern, about those "crazy California drivers" sometime. Quite the contrary, it is simply that strict enforcement makes the difference in behavior. If Antioch does not wish to install a traffic signal at what appears to be a dangerous intersection, then they must use the alternate ADULT solution. Station an officer near this intersection for at least a month and let him liberally

distribute citations to all drivers failing to stop and yield to pedestrians in the crosswalk. See that these citations aren't "taken care of." (That's one point for California: it is virtually impossible here to "fix" a ticket.) And once the drivers get the idea, withdraw the officer—but "re-inforce" the lesson every few months or as often as needed. You'll see how safe a corner can become.

Sincerely,
Dorothy Himelhoch

My husband and I were shocked and disgusted at the showing of "The Breaking Point," Channel 7, on October 21st. We are adult persons, not too young to be glib and not decrepit oldsters, still we could not digest that garbage without revulsion.

The moral damage that was done to reviewers that night was irreparable.

As a citizen of the United States I want to exercise my constitutional right "Freedom of Speech" to blast this program off the air and to emphatically name the sponsors of it:

A question which many county officials want the panel of experts to discuss at the Taxpayers' Federation of Illinois' 8th Biennial Tax Clinic, October 30, deals with a bill passed by the last General Assembly which requires publication of changes in assessments made by the Board of Review.

Your Governor Reports

by OTTO KERNER

The State of Illinois has launched a new program that promises to be the best answer yet to the increasing problem of slums and urban blight.

Called "Project Upgrade," the plan is the result of a recent series of meetings that I called with other state officials, real estate and financial experts, public aid representatives and housing authorities.

In the past, owners often have not improved slum property because they were unable to obtain financing or because they contended that the renters moved frequently without paying their rent. Project Upgrade, with built-in "guarantees" will solve that problem.

Here is how it will work: a city building department will inspect and certify the repairs necessary to bring a slum building into line with the city's building code. In those cases where the renters are public aid recipients—and there are a great many buildings in that category—the building owners, the renters and the Illinois Department of Public Aid will then enter into cooperative agreements that guarantee the owner full rental when the building is repaired.

The program will end a situation which found the State

of Illinois, in effect, subsidizing slums by using tax dollars to pay the rents of public aid recipients, who were often charged exorbitant prices for sub-standard housing. Without costing the state one cent more, the project will improve housing conditions and help get rid of slums.

A committee headed by Percy Wagner, president of the Chicago Real Estate Board, and Charles R. Swibel, chairman of the Chicago Housing Authority, recently picked out two slum dwellings in that city for pilot projects. Special teams now are consulting with the tenant and landlords. It is anticipated that the program will eventually be utilized in other urban areas of the state.

Other cities and states have also shown an interest in Project Upgrade and have praised it as an effective slum clearance device. We are proudest of the fact, however, that we are improving the conditions under which many public aid recipients are required to live. A decent home in which to raise a family can be a significant contribution to persons struggling to return to self-sufficiency.

About 75 Illinoisans gathered at the Executive Mansion in Springfield recently to discuss what we considered a very important subject: the possible formation of an Illinois Arts Council.

It had become apparent that such a group could perform a valuable service by acting as a clearing house for information and activities related to the arts, encouraging cultural activities and assisting communities in the establishment of art programs. It could also coordinate the use of various state facilities—such as the universities or parks—for musical programs, concerts and shows.

Those attending the initial meeting included well-known persons in the various art fields. All were enthusiastic about the possibilities of an arts council. A working 12 man advisory committee was set up to study the matter more closely, under the leadership of George Irwin of Quincy, president of Community Arts Council, Inc., a national organization.

In addition to studying this question, the five Downstate and seven Chicago area members of the committee decided to begin an immediate survey of the facilities available in each part of the state for presentation of various types of events, such as concerts, theater, art exhibits, dance, etc. It also announced plans to sponsor a major cultural activity, possibly a statewide tour by the Chicago Symphony Orchestra.

The eventual creation of some sort of an arts council appears to be a welcome certainty. A dozen other states already have similar organizations operating successfully. The work of our study committee is being greatly aided by a \$10,000 grant from the Graham Foundation for Advanced Studies in the Fine Arts.

Illinois has a rich tradition of creativity in the arts and literature. Our contributions in architecture are innumerable. Our additions to the folk art form of jazz are well known. Our poets—such as Carl Sandburg and Vachel Lindsey—are recognized throughout the world.

We have a duty to continue to work toward a challenging future. We think that the state can act as a catalytic agent, contributing its resources to the common pool of art. It would be a great gain, for instance, if the Chicago Symphony and the exhibits in the Chicago Art Institute could continually circulate throughout the rest of the state, sharing the cultural riches of the nation's second city.

We have set our sights toward this goal.

No wonder today's teenager gets mixed up. Half the adults are telling him to "find himself", and the other half are telling him to "get lost." — Cumberland Advocate.

On The Right Route

NI-Gas recently sponsored a conference, to which they invited all interested persons, on community development and planning.

Community planning is becoming an increasing problem across the nation. Every governing body, from the smallest village to the state and the nation, is faced with problems relating to this need.

Probably no perfect plan will ever be put forth, because no man nor group of men can look 50 years ahead and foretell with any degree of certainty the shape of things to come and the needs of the future. If he could, the majority of his fellowmen would scoff at his wild predictions and vote him down.

Here is a paragraph from a speech by Dr. Jerome D. Fellman, a professor at the University of Illinois, who has served as a consultant in industrial location and analysis and community development.

Dr. Fellman was speaking of the difficulty of achieving a plan for balance and growth. Says the Doctor:

"But valid and time-tested general guidelines can be laid down. The first rule is implicit in a previous statement: NOBODY CAN KNOW YOUR COMMUNITY AND ASPIRATIONS AS YOUR CITIZENRY. COLLECTIVELY, CAN. NO OUTSIDE CONSULTANT CAN APPLY TO A COMPLEX INDIVIDUAL SITUATION A SERIES OF ABSTRACT THEORIES

great national problem. It deserves statesmanship and the most earnest bipartisan consideration. Playing politics with the issue endangers the entire nation—and the welfare of its citizens... of all races.

Your Congressman Reports...

By Cong. Robert McClory

Now that the Senate has made it quite clear that there will be no tax bill at this session of Congress, the one remaining principal issue is civil rights.

The need for appropriate civil rights legislation is recognized by the vast majority of the Members of Congress. Indeed, dozens of civil rights bills have been presented by both Republicans and Democrats. After the President delivered his civil rights message on June 19, I commended the President's plea for bipartisan support of this legislation.

But the President's words urging a bipartisan program have not been backed up by the President's legislative leaders in the House of Representatives. The Democratic members of a subcommittee of the House Judiciary Committee have devised a revised and more stringent civil rights bill which is now before the full committee. The bill is solely the product of the Democratic members and is not a bipartisan effort at all. Indeed, Republican invitations to the Democratic committee members to sit down and forge out an acceptable bill have been politely but firmly declined.

Thus the civil rights issue seems bound up in a web of partisan politics from which it probably cannot be extricated.

Republican strategy in the House of Representatives in the face of this Democratic "take it or leave it" attitude now must be developed. If Republican members seek to amend the Democratic version in order to write a bill that can be passed with bipartisan support, the Democrats will charge the Republicans "watered down" or "guttured" the bill. On the other hand, if the Republicans accept—and support—the Democrats' stringent civil rights bill, it is generally conceded that the bill will die in the Senate.

So the Administration appears to be giving no support in Congress to its plea for bipartisan statesmanship. And no reasons—other than political—can explain this White House attitude. We know that a position which results in no civil rights legislation would undoubtedly please the Southern Democrats whose support enabled John Kennedy to narrowly slip in as president in 1960.

The alternative hope that Republicans will offer amendments which will result in a more moderate but effective civil rights bill, acceptable to a majority in both the House and Senate, is a move fraught with serious risks—and political repercussions.

The civil rights issue is a

New Chevelle Malibu Sport Coupe (foreground) with Malibu Super Sport Convertible

Only this could come between Chevrolet and Chevy II.

The Chevelle is a highly polished car on a trim 115-inch wheelbase. With its weight down in the 3,000-pound range. All of which makes it a sweet-handling, easy-to-manuever automobile.

But it's roomy and relaxing inside, with the kind of ride you'd expect in a bigger car. And it's styled with a lively grace and refinements (note the curved side windows and pillars, for example) that make its modest price all the more remarkable.

A neat trick? We agree. But not so difficult really when you have the skills of seasoned Body by Fisher craftsmen to draw upon.

And the advantage of Full Coil suspension developed by the

same engineering talent that came up with the Jet-smooth Chevrolet's ride. And that irrepressible Chevrolet spirit in a choice of four engines—V8 or 6—including optional-at-extra-cost versions all the way up to 220-hp.

Small wonder this one turned out the way it did. Did we say one? Actually there are 11 models—wagons, sedans, sport coupes, convertibles—in three series.

Even some cars that have been around for quite a long time don't give you a choice like that.

Sound like something you ought to check into further? Consider this your invitation for a real hood-raising, door-slammng, seat-bouncing, wheel-turning time of it at your Chevrolet dealer's.

G.W.A. Visits Local Rainbow Girl Assembly

Miss Helen Dayle Palmer, Galesburg, Ill., Grand worthy advisor for the State of Illinois, Order of Rainbow for Girls, visited Antioch Assembly No. 23 in Wesley Hall of the Methodist Church last Friday evening. Antioch Assembly was honored by having Mrs. Hester Kolmer, Supreme Deputy, International Order of Rainbow for Girls, State of Illinois attend the special meeting.

Mrs. Alice Sims, Grand Deputy for this area, Grand Worthy Advisor 1940-41, and now mother advisor of Friendship Assembly No. 100 was guest in the east. Mrs. Sims was honored because she and her assembly instituted "Antioch Assembly in 1940."

Helen Dayle was supported that evening by having members of her Grand family present: Harriet Wells, G. W. A.A.; Lynn Kraft, Gr. Charity; and many of the Grand Representatives.

Susan Lindblad, W. A. of Antioch assembly presided at the meeting and was very happy to have welcomed over 200-guests and many dignitaries of Rainbow, Eastern Star and the Masonic Lodge. Mrs. Donald Gibbs, M. A., welcomed 10 mother advisors from this area.

At this special meeting Susan Lindblad was appointed Grand Page for Helen Dayle's Grand Assembly session next July 30-31 and August 1 at the Conrad Hilton. Also Susan Lindblad and Karen Jennrich were appointed to sing in the Grand Choir.

Mrs. Robert Lindblad, Mrs. A. Bloom, Mrs. W. B. Gillum, Mrs. Roy Frasier, and Mrs. Amy Wells were in charge of the dining room.

The Antioch Assembly will hold a regular meeting on Monday, October 28, at 8 p. m. in the Masonic temple. Susan Lindblad is worthy advisor. Susan and her mother will be in charge of refreshments assisted by the girls who serve in October.

RAINBOW GIRLS VISIT O.E.S. HOME

The Antioch Assembly, Order of Rainbow for Girls, visited the Eastern Star Home at Rockford. The Assembly plans at least three projects a year to make life a little more pleasant for the ladies at the home. About five years ago, Antioch girls adopted one of the ladies, Mrs. Emilie Johnstone. Mrs. Johnstone was made an honorary member of their assembly and is very very proud to belong to a group of girls who never forget her on a holiday or special occasion.

The summer project was to take cookies and ice cream for the ladies. All the Rainbow girls made cookies for the occasion. For Christmas the girls are planning to make place cards for the 92 ladies and attach a dime to the card.

RAINBOW GIRLS, Susan Bloom, W.A.A.; Marge Gillum, Jr., P.W.A.; Mrs. Johnstone; Susan Lindblad, W.A. and Randy Gordon, Hope.

Woman's Club To Help Hospital Fund

A Ways & Means Committee to assist Mrs. Jerome Vogler in making plans to raise money for the Countryside Hospital fund drive was selected at the meeting of the Antioch Woman's Club at the Scout House Monday afternoon. Members of the new committee are Mrs. James McMillen, Mrs. Walter Mozal, Mrs. John Wiecek and Mrs. Clarence Kientz. Helping the Countryside Hospital fund drive will be one of the major projects of the Woman's Club this year.

A resolution was passed to return the two swimming pool bonds that the club had purchased to the Lions Club Swimming Pool Corp.

Mrs. Myrus Nelson asked members to bring clean, discarded nylon hose to each meeting for use of the Red Cross in various projects.

The next party for Downey Hospital will be on November 12, and Mrs. Irving Elms would like to hear from anyone who wishes to assist.

A preview of the annual club members fashion show was given by Mrs. James Cheetham, the Americanism chairman. Further plans for the show will be made at a meeting early in November.

Dr. Fred Mayer of Twin Lakes, Wis., gave members an account of a trip to the Canadian Arctic to visit the Eskimos.

Tables were decorated in a Halloween motif by the hostess committee—Mrs. Jerry Miller, Mrs. M. J. Connell, Mrs. John Wiecek, Mrs. Luliver Lasco, Mrs. Arthur Nelson, Mrs. William Tague, Mrs. Elmer Eberman, Mrs. John Dupre and Mrs. Joseph Horton.

PTA Members Hear About Referendum

Robert Hart, president of the Grass Lake School Board, discussed the proposed referendum on additions to the school at the P.T.A. meeting last Monday.

Two propositions will be presented to voters on November 16, one calling for the addition of a gym to the school at a cost of \$68,000, the other asking for \$130,000 for the addition of a gym and four classrooms.

The room count was won by Mrs. Sue Barrett's fourth grade pupils.

Robert Taylor and Brandon Meiss also spoke to P.T.A. members on the need to continue Boy Scouting in the Grass Lake area.

Date for the Christmas Social was announced. It will be held on Dec. 8 at the school.

Mothers of the seventh grade pupils served refreshments.

GARDEN CLUB TO HEAR ABOUT MUMS

The Antioch Garden Club will hear a representative of Miller Flowers, florist of Racine, speak on chrysanthemums at their regular meeting on October 28.

The meeting will start at 12:30 p.m. at the home of Mrs. Joseph Patrovsky, Sr. Co-hostesses will be Mrs. Harold Young and Mrs. Walter Laurell.

October Wedding For Linda George, Douglas Stewart

A double-ring service at the Antioch Methodist church on Saturday, October 5, united Linda Gail George and Lance Corporal Douglas W. Stewart in marriage.

Miss George is the daughter of Mr. and Mrs. L. O. George, 2323 Elizabeth St., Zion. Mr. Stewart is the son of Mr. and Mrs. John W. Stewart of 566 Highland Ave., Antioch.

The Rev. Donald M. Cobb officiated at the 3 p.m. ceremony. The bride was given away by her father. The bridegroom was in white tuxedo. The bride wore a gown with long sleeves. Her veil was held by a half-circle of rhinestones. She carried a colonial bouquet of white roses and carnations on a white ribbon.

The maid of honor, Linda Harris, wore a blue lace gown with chiffon overskirt. Bridesmaids were Diana Hockstra, Jan Stewart (sister of the groom), Nancy Lemke, Sherry Harris and Pam DeStefano. All wore gowns of gold lace and satin, with chiffon overskirt.

Best man was Dee Moody. Clayton Vineyard, Dale Vineyard, Carlos Creekmore, Mike Grefkovic and Dick Buckel served as ushers.

Mabel Lou Weber was at the organ.

A reception for 200 guests was held at the home of the bridegroom's parents. The hostess was assisted by Mrs. Harold Stoper and Mrs. Tom Walsh.

The couple left on a honeymoon trip to Lawton, Michigan. They are at home at the Shore Line Terrace on Sheridan Road in Zion.

Both the bride and groom are graduates of Antioch Community High School.

Great Books Study Group Meets Wed.

Sixteen members of the Great Books Study Group discussed the Declaration of Independence at their first meeting at the library last Wednesday night.

The group will have an extra meeting on October 30 to make up for a late start. Thereafter, meetings will be on the first and third Wednesdays of the month at 8 p.m. New members may join now.

Plato's Apology and Crito will be under discussion at next week's meeting.

O.E.S. MEETING

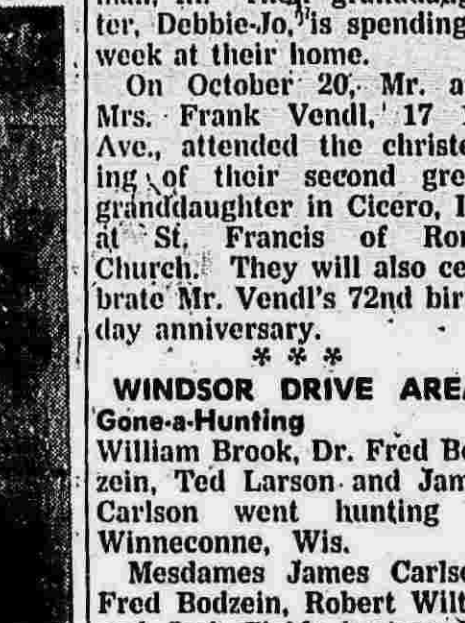

Ten of the county's 12 chapters of the O.E.S. were represented at a pot luck supper for the conductresses at the home of Mrs. Theodore Arnsdahl on October 12.

The last Advance Officer's night of the Lake County O. E. S. was Oct. 19 at the Eastern Chapter, North Chicago.

RAINBOW GIRLS

Gayle Niemi of Milburn Rainbow for Girls has been awarded a \$250.00 scholarship from O.E.S. Grand Chapter of Illinois. She plans to attend DeKalb University.

The Women's Society of the Christian Service of the Antioch Methodist Church will be honoring World Week of Prayer and Self-Denial by holding services on Friday, October 25, at 1:30 p.m. The W.S.C.S. circles of the Lake Villa Methodist Church and the Ingleside Methodist Church are also invited to this special meeting. There will be a social hour after the services.

The Methodist-Youth Fellowship of the Antioch Methodist Church brought canned goods to the Fall Festival, held at Harvard Methodist Church, Harvard, Ill., on Sunday, Oct. 20. The MYF groups of all the Methodist Churches in this Elgin area donate food for this festival which is for the benefit of the Lake Bluff Orphanage.

Approximately 70 members of the Antioch Methodist family pot-luck supper, held at 5:30 p.m. on Sunday, Oct. 20. The third Sunday evening of each month is designated for this purpose.

Bishop Charles W. Bra-shares today termed racial exclusiveness "totally contrary to Methodist discipline and laws" and called on Methodist Churches here to make "a witness to our fellowship in Christ."

News for Women

URBANA—Both of the distinctive fall fashion "looks" for women, the "sportive" and "soft," require careful costume coordination, says a University of Illinois home economist.

These "looks" result from a combination of several parts of a costume rather than one article alone, such as a dress. When skillfully coordinated, the articles go together well and suit the wearer's figure and personality.

Morjorie Sohn, extension textiles and clothing specialist, explains that the "sportive look" is designed to typify the American casual way of life. Generally this look is associated with a two- or three-piece outfit, such as a jumper and blouse, a vest with a long-sleeved shirt or a two piece dress.

The "soft look" is designed to create a dressy and feminine effect. The basic part of this style is a one-piece dress of drapable fabric that gives more emphasis to body silhouette than does the "sportive look."

Both of these looks emphasize accessories selected to "individualize" costumes.

URBANA — Mothers will see two desirable features in children's underwear this season.

These features are guaranteed shrinkage control in knitted types and the thermal knits, says University of Illinois home economist Mrs. Ruth Galbraith.

A new shrinkage control process does away with the need to buy the next larger size in knitted underwear. Plan to buy the same size as for non-knitted underwear. Plan to buy the same size as for non-knitted types. One trade name for the new process is Pak-nit. You can also identify underwear that has had this treatment by the information "machine washable and dryable with no more than 1 or 2 percent shrinkage" on the label.

Thermal knits are pint-sized versions of the underwear that has been available for hunters and other outdoorsmen. This type of underwear costs more than conventional underwear. But it gives better insulation against cold weather. It can be laundered in an automatic washer and dryer but is not always stabilized against shrinkage.

The float had a paleface tied to a stake with Indians dancing around him and beating tom-toms. This is the third time Troop 201, under the leadership of Mrs. Alice Johnson, has entered a float in the parade, and much to their delight it is the third time they have won in the business and civic category.

and laws" and called on Methodist Churches here to make "a witness to our fellowship in Christ."

In a statement to local churches, he referred to the arrest of three girls on the steps of Mississippi Methodist Church as a "tragedy which belittles American democracy and Christian witness around the world."

He termed the incident an "embarrassment to our church and this area," and declared, "any shortcoming in the churches of Chicago has a bad influence on Christians in Mississippi."

smart-cuts for women

by Maggie Lovewell

If you're like me, you'd hate to part with your electric blanket (good for backaches, too). But the top binding gets awfully soiled after a few months. To protect it, make blanket casing from old sheet folded in half. Sew sides only. You can slip sheet off and wash as often as you like.

Nothing irks more than to find the shoe polish hardened. Well, soften it quickly, ready to use, just by adding a little turpentine.

In fall fashion knits are the news, so be extra cautious to keep yours nice and pretty. Always save tags that tell how to clean the garments. Knits can easily stretch and shrink, and even dry cleaners have to take special pains with them. All bulky items, those with fancy trim, your best suit, silk knits, and so on—should be dry cleaned. Tell your cleaner what type of knit it is. Always try to wash sweaters and small items yourself.

Extra Tip: Never store knits on hangers—always fold them up, to avoid creasing and stretching out of shape.

Old Grumpy Puss Lovewell is pretty smart when it comes to fireplace starting. He saves old burned-down candles and puts them in with the logs. Wax melts over the wood and he gets a strong fire started real quick.

Smartly-Cut: Lift stamps off envelopes easily. Just apply lighter fluid inside envelope behind stamp.

I used to think all yellow apples were for cooking, the red ones for munching. Ah, but I found out 'tain't so! When buying apples, you pick according to how you're going to fix them. The Delicious varieties, Red or Golden, are best for just plain eating, or slicing up in salads and fruit desserts. For pies, applesauce, general baking—the prize kinds are Baldwin, Rome Beauty, Rhode Island Greening.

Most important: Know whether the apple holds its shape when cooked, or has tendency to "mush up." For firm shape, best varieties are Rome Beauty, Jonathan, Grimes Golden, or Baldwin.

Stop the mess and bother of garbage cans blowing over by setting them in an old auto tire. Works for wire trash cans, too.

Smart-Cut Plus! Create your own Low-Cost Storm Windows. Get clear plastic and wrap around those window screens you were going to store away for winter. Secure plastic easily to screen frame with clear tape and thumb tacks. Since screens are already fitted to frames, you get really-tight cold protection. Great for screened-in porches and garages!

Hardened Sugar in the can or sack easily can be loosened. Just put sugar in covered container with either a fresh apple or moist bread. Let stand for several days. Will work on both white and brown sugar.

Why Didn't I think of It Dept.: Place a clean sheet down on the living room rug as your ironing board" next time you have drapes to press. Use an extension cord so you can move iron up and down easily.

Quickie Cleaner: Remove Corrosion Spots from Brass with a lemon rind dipped in salt. Rub over the spot—should clean up like magic.

It's the time of witches and goblins—and the treats those little Halloween tricksters love. Let's join in the fun and make some AFFY TAPLES!

Combine 2 cups each sugar and light corn syrup with 1 cup cold water. Add 1/3 cup cinnamon candies and heat over medium fire just until dissolved, stirring constantly. Add 1/2 teaspoon each red food color and cinnamon; mix well and bring to boil. Cook without stirring to 300° F. on candy thermometer; remove from stove.

Dip ripe eating apples into syrup (stems removed, skewer-sticks inserted firmly); set on greased cookie sheet to harden. This will coat about six apples, but if your hungry goblins are like mine, they'll "gobble" up more than that!

Mothers of Trick-or-Treaters: Remember, get fire-proof costumes. Some are fire-treated, but will still smoke up. And that mustache fuzz flares up very fast.

TOO MUCH

Did you ever hear of the Poultry Products Section, Inspection Branch, Poultry Division, Agricultural Marketing Service, United States Department of Agriculture? It's hardly likely that you have. But the Milne Packing Company, in Newberg, Oregon, certainly has.

Milne sells chickens packed in glass jars, and it has found a market which it pleases. But a while ago an inspector from the Poultry Products Section, etc., etc., found that it was guilty of illegal labeling. The labels said the jars contained a pound of chicken. But, when weighed, it was found that there was more—17 1/4 ounces.

A Milne spokesman explained that the jar supplier hadn't been able to provide a container holding a precise 16 ounces. So the company was giving the buyer more than was claimed. And, boy, that's illegal! Milne has changed its label, showing that there are 17 1/4 ounces of chicken inside, not just 16, and the trouble is apparently over.

Such are the ways of bureaucracy. Write your own moral.

What happens if you don't cash in your Savings Bonds when they come due?

You pay \$37.50 for a Series E Savings Bond and in 7 years and 9 months it grows to \$50.

But what if you don't cash it in?

Fact is it keeps right on growing.

At the current interest rate, when it's 10 years old it will be worth \$53.66. At 15 years its value will be \$64.52. And at 17 years and 9 months, \$72.50.

There's no trick at all to letting your E Bonds work overtime for you this way. You don't even have to remember to renew them. The Treasury Department does it automatically.

And while your growing Bonds are making you richer, they're helping keep America strong in a world where

strength to stand up to the enemies of freedom is imperative.

Buy Bonds where you work or bank and see if you don't feel pretty good about it.

Important facts about U.S. Savings Bonds

- You get \$4 for every \$3 at maturity
- You can get your money anytime
- Your Bonds are replaced free if lost, stolen or destroyed
- You can buy them where you work on the Payroll Savings Plan

Keep freedom in your future with U.S. SAVINGS BONDS

Otto Hanke, Sr.
(Antioch News Photo)

He'll Celebrate 90 Years in Lake County

Otto Hanke, Sr., will celebrate his 90th birthday on November 1, 1963.

Otto has lived his 90 years within about a mile of his birthplace. He was born in 1873, on the farm of his father, August Hanke, a short distance east of Fox River, on Route 173. When he married, on March 6, 1907, he and his wife Millie bought their present home, a farm on Route 173 a short distance west of the Fox River.

They've been married 56 years. They have a son, Otto Hanke, Jr., and two daughters, Lucille (Mrs. Edgar Simonsen), and Henrietta (Mrs. Walter Gilpin). All their children live in Antioch. They have four grandsons and four great-grand children.

The family will gather at the Hanke farm home to celebrate Otto's 90th birthday. He's apparently anticipating the event with pleasure. Aside from being slightly hard of hearing, his 90 years sit lightly on him. He still works around the yard, saws wood, and is obviously clear of mind.

Otto attended Channel Lake school when it was a one-room frame building. His first teacher was Rilla Savage, and she had from 40 to 50 students, covering all eight grades, to teach.

When Otto moved to his present home he was in the English Prairie District, and he was a trustee of that school for 36 years. The school was abandoned last year and pupils from that area now attend Channel Lake School.

Both Mr. and Mrs. Hanke have been active members of the Wilmot Lutheran Church all their lives. They rarely attend church now, but a friend brings them the Sunday sermon via tape recorder and they listen to it.

They don't have TV. Why? "We're too busy to watch it," Mrs. Hanke said. The farmer's habit of early to bed and early to rise has stuck with them. They have a big garden, though their forty-acre farm is now worked by someone else. They had recently picked their currants, stemmed and cleaned them so that Mrs. Hanke could make currant jelly. She still does a lot of canning and jelly and jam making. Of course, she's only 76.

Otto worked on his farm until five years ago. He never liked mechanized farming—preferred horses. He hauled milk with horses for 47 years. He drove his car, though, until three years ago. Otto may well be Lake county's oldest native-born resident. He'll celebrate his 90th birthday next week on the farm where he's spent the last 56 years of his life, with his children who still live in the area. A pretty good advertisement for the Antioch area.

West Millmore

By Rosemary Holaday

October 24

At their regular meeting last week, the West Millmore Women's Club held a silent auction. The "White elephants" varied from drink mixers to hats to composites. One of the most confusing items was a set of salt and pepper shakers that were made in Mexico and marked as a souvenir of Florida. But all items were successfully sold under the auctioneer's gavel. It was decided that the next meeting would be held at 7 o'clock and would be a pot luck supper for the members on November 19.

Sometimes we forget to thank people for a job well done... but this time we will remember to say a big THANKS to all those persons who helped with the SOS vaccine on October 13. It was so well organized, with so many pleasant people to assist with everything from parking to reminding you to return on December 8 for your booster vaccine, and friendly assistance made it easy for the 3,976 residents of Lake Villa area to receive their vaccine.

The West Millmore Community Center invites all children from West Millmore to come to the Halloween party at the beach. The party will start at 7 p.m. There will be prizes for best costumes, a bon fire and refreshments—so be sure to be there. If it rains, the party will be held on Friday, November 1 instead of Halloween night.

When the Lakeside Ladies met at Mrs. H. Kenimer's home last Thursday, it was a sight to behold. All the ladies came in their tackiest condition and it was a side-splitting affair. To give you a brief idea, one of the members was dressed in a red wig, painted freckles, a white hat adorned with a long, stemmed rose sticking straight up, a plaid shirt, a long skirt with red socks peeking through to endless white shoes. Her attire was completed by the green umbrella and purse she carried. Mrs. Kenimer's home was decorated to match the festivities with pumpkins, black cats and even hanging black spiders.

(Written for October 17)

It seems like the fall weather has brought out the desire to move in the Village. We have had to say good-bye to one family, welcome a new family, renew acquaintances of another and just change the address of the fourth.

Who made all these changes? Mr. and Mrs. Robert Millar and family have moved to sunny California while the George Doyle family moved from their Genoa Avenue home to the home vacated on Millmore Lake by the Millars.

Many former friends are renewing acquaintances with Mr. and Mrs. George Munro who have settled on Bernice Drive with their nine children. The Mulroneys lived in Lake Villa about two years ago and are back as neighbors again.

The welcome mat was put out for newcomers to West Millmore, Mr. and Mrs. William Harvey of Nathan Hale Drive. Their two children, Steven, age 6, and Sandra, age 5 are fast becoming buddies with the other children of the neighborhood.

Mr. and Mrs. Reeve Loomis can be justly proud of their 17 year old blonde, green-eyed daughter. She was given the honor of being the Homecoming Queen of Grayslake High School and reigned over the recent Student-alumni dance.

Rex Rohweder, son of June Rohweder, is taking his new job as Senior Patrol Leader of Boy Scout Troop 88 very seriously. Now he is a young man with many responsibilities in the troop.

The West Millmore Civic Association is planning a Halloween party for the youngsters in the community. On the planning committee are John Schueler, Richard Anderson and George Reznor. The final details for the spook night party will be made at the next Association meeting, Saturday, October 19, 8 p.m., at Venetian Village Hall. As always, everyone is welcome.

At this month's Venetian Village Civic Association meeting it was decided that auto stickers would be issued

Let Want Ads Solve Your Problems

Do you have any idea how easily most of your problems can be solved simply by using our want ad columns? For example, the following ad appeared recently in our want ad page:

HELP WANTED—

Dyspeptic husband who has been served innumerable CURDLED casseroles of ham and scalloped potatoes over a twenty-year period is seeking information. Is there ANY

way to avoid this tragedy? If you have a solution, please write "Box G," c/o The Antioch News, Antioch, Ill. This man had a real problem. Our want ad solved that problem—we think. People rushed to his aid with good advice. Here are some of the answers he received: Sept. 19, 1963

Stung to the quick by the unkind words of the preceding letter, the advertiser of Box G has asked us to print the following reply:

Dear Box 234:
I am hurt more than I can say by the unkind bluntness of your reply to my plea for help. I am but one suffering human being who cried out for help from other hu-

mans. Is that wrong? Your utter callousness to my suffering has plunged me into the depths of despair. And my stomach hurts. How can you be so unfeeling? Box 234, nuts to you too. Box G.

Don't give up, Dyspeptic, there's help in sight. Read on:
Dear Dyspeptic Husband: I have come to your aid by enclosing a recipe and I guarantee you will no longer have curdled casseroles—Good eating and digestion to you and may this solve your problem.

Thin White Sauce:
2 tablespoons butter
1 1/2 tablespoons flour
1/4 teaspoon salt
1/8 teaspoon pepper
1 cup hot milk
Scald milk. Melt butter in saucepan. Remove from fire and mix with flour. Cook until it bubbles, then add hot milk gradually and boil, stirring constantly until mixture thickens. Season and pour mixture over casserole of ham and scalloped potatoes.

Central Hi News Notes

John Spears, a senior at Salem Central high school, has been honored for his high performance on the National Merit Scholarship Qualifying Test given last spring. Each student who is endorsed by his school receives a formal letter of commendation signed by his principal and the president of the National Merit Scholarship Corporation.

To increase their opportunities to obtain financial assistance if they need it, the Merit Corporation sends names, home addresses, and test scores of all Commended students to the two colleges they indicated as their preferred choices at the time they took the qualifying test. Other special services are also performed by NMSC in an effort to increase the scholarship opportunities of Commended students and Semifinalists.

English Teachers to Attend Conference
The Wisconsin College of Teachers of English in conjunction with the University will hold a Conference at Whitewater State College on Saturday, October 26, beginning at 9 a.m. Special conferences in literature, English, American, and World, will be on the agenda. Critical papers by some of Wisconsin's leading literary scholars will be read. Miss Elsa Winn and Miss Frances Murphy from the Salem Central faculty will attend this conference which is open to members and non-members.

Homecoming Plans Materializing
Plans for homecoming are fast becoming realities. Two girls have been nominated for Queen and campaigning is already under way. Both candidates are seniors, Diane Ferris and Dale Nork. Election will be next Tuesday, October 23. School spirit is at its peak. Harvard, Illinois, team will be the opponents for Homecoming Oct. 25.

Community Club to Meet
Central High Community Club will meet at 8 p.m. Monday, October 28. The executive board has planned the year's program which will be announced at this time. All members or prospective members should be on hand to hear the program which will be furnished by some of the students who attended various clinics sponsored by the Community Club.

Sequoits Drop Final Home Tilt to Warren

The Antioch Sequoits dropped their 4th conference football game of the season Saturday as they played host to the Warren Blue Devils of Gurnee. The Sequoits are 1 and 4 in the conference with Round Lake and Wauconda yet to play.

Warren took the opening kickoff on their own 18 yard line and moved it to their 46 where Rich Beshel tossed a pass good for 85 yards and a TD to Jack Bouma.

The Blue Devils scored again in the first quarter when they recovered an Antioch fumble on their first play from scrimmage after taking the kick-off. This time it was on a 5 yard plunge by Jerry Tistle capping a 28 yard drive that took 5 plays.

Tistle scored again in the second quarter on a 14 yard jaunt off tackle. Warren missed the point after attempt and the half ended with the Sequoits trailing 20 to 0.

Antioch's only score came early in the third period. The Sequoits forced Warren into a punting situation and Greg Gates broke throw and blocked the punt. Jim Effinger scooped up the loose ball and ran it to the visitors' 28 yard line before being forced out of bounds.

Quarterback Wally Henning called on his number one work horse of the afternoon, Paul Lindblad who carried 55 straight times, before crashing it over for the TD from the one yard line. Greg Gates booted the extra point and the Sequoits trailed 20 to 7 going into the final quarter.

Warren tallied again with about four minutes left to play when Ron Zelenko carried 7 yards for the TD. Warren missed the point after attempt and the final score was 26 to 7.

The Warren tilt was the final home appearance for the Sequoits as they move to Round Lake Saturday for a game with the Panthers.

Round Lake and Antioch have identical records in the conference at one victory and four defeats so it will give the Sequoits a chance to move up a notch in their standings.

The Sequoits play their

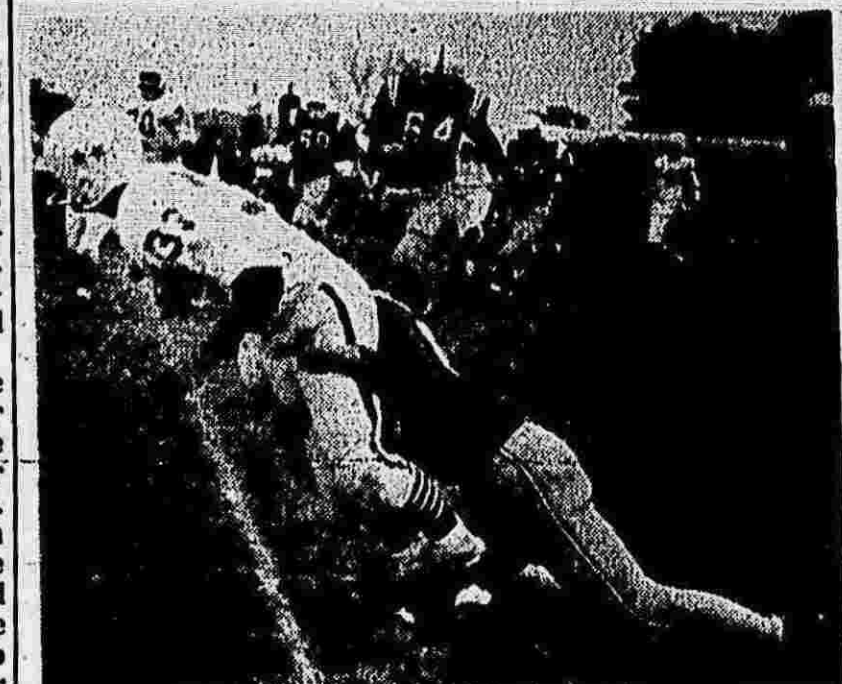

final game of the season against Wauconda Saturday, November 2.

Athletic director Ward Lear, expressed his appreciation to the Antioch Rescue Squad for their cooperation

in furnishing their men and equipment at the home games this season. "The coaching staff and I want to thank the squad and particularly the men who donated their time," Lear said.

Falcons Dump Union Grove

By John Hansen

A great display of defensive power and the running of Art Ellis led the Salem Central Falcons to a 20-0 win over arch-rival Union Grove. It was the Groves' Homecoming but Coach Roger Terry had his Falcons ready for everything the Broncos dish out.

Salem's hard charging defense with Denny Wells and Denny Remus at the ends and Bob Hofer, John Hansen, Bob Schotanus, and Hector Velasquez at the tackles, held Union Grove to a pitiful minus 50 yards rushing. Union Grove gained 120 yards passing but the bulk of this came in the closing minutes with the game on ice. Salem led by Ellis picked up 161 yards rushing and 80 passing for 241 total yards. Ellis, who missed the first four games due to surgery, made his second start of the season and put on quite a show. The powerful senior collected 115 yards on 18 tries and scored two TD's.

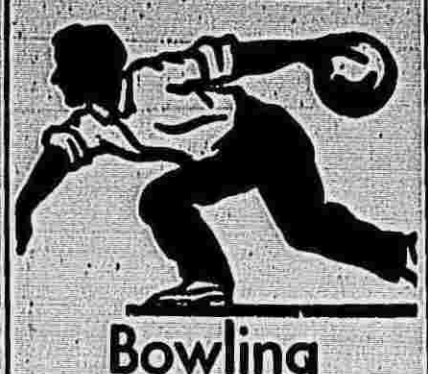

After driving to the 2 yard line following the opening kickoff, Salem stalled and Grove took over. However, the defense rose to the occasion as Bob Hofer assisted by several other Falcons swarmed all over Gary Klug in the end zone for a safety. The safety was the only score of the quarter giving Salem a 2-0 lead. Ellis capped a 50 yard drive in the second quarter with a 10 yard TD jaunt. The kick was wide. The charged up Falcons held a 9-0 half-time lead.

The second half started with the Falcon defense once again forcing Grove to punt. Junior end Ron Weil sparked this offensive drive with two fine receptions. Weil snared a 40 yard aerial and then scored on a 5 yard pass from Klemko.

Toward the end of the 3rd quarter Union Grove scored on a 36 yard pass from Grise to Klug. On this play Jim Bloss broke his leg and suffered damage to the knee. Bloss was moved into the starting center slot early in

this season when Dave Danjola, the original starting center, suffered a similar injury. Salem sewed up the game in the 4th quarter as the Falcons drove 88 yards for a TD. Ellis punched it over from the 1 yard line.

The Falcons will be shooting for win number 3 when they host Harvard (Ill.) for their Homecoming.

Final Drag Races Next Sunday

The Great Lakes Dragway at Union Grove, Wis., will hold its final event of the year next Sunday, October 27. Featured in this event will be the winners of the three championship events held annually at the Union Grove dragstrip.

Bob Schneider of Chicago, with his nitro fuel dragster "Vampire", was the winner of the National Championship event. Ray Krakow, of Cleveland, Ohio, with his gas dragster "Bounty Hunter" won the "Midwest Championship" and Steve Kamin of Madison, Wis., with his fuel dragster "The Spook" won the Illinois-Wisconsin Interstate Championship.

The present track record of 203.18 mph with a piston type engine is held by Clarence Hay of Rockford, Ill., with his nitro fuel dragster, "No Hay Burner." Most of the other top dragsters from the Midwest will also be competing in this last big closing meet.

Again, as has been the case every year since the dragstrip opened in 1957, records have been set in both spectator attendance, and competing machines. Over 85,000 people were on hand throughout the year; and more than 5,000 cars raced on the 1/4-mile track. This compared with the first year when just under 30,000 spectators turned out and only 2,832 cars raced.

The Great Lakes Dragway is located just 12 miles north of the Illinois-Wisconsin state line on Highway 45 at Union Grove, Wisconsin.

Cookin'?

TODAY'S PRICES ARE PROOF THAT THE BEST TIME TO BUY ANYTHING IS LAST YEAR.

The annual exodus of blackbirds to the south started officially here Wednesday of last week. There were thousands upon thousands of these birds in flight, wheeling in large circles in undulating patterns, all of them chirping at the same time. This occurred at 7 a.m., which to me is the middle of the night. The racket they made was so loud it awakened me. After about fifteen or twenty minutes of this business, they lit in the trees, and believe it or not, they filled up every tree on the southeast corner of Indian Point. They rested for about ten or fifteen minutes, cheeping loudly all the while, and then started to leave, in flocks of about 100, more or less, in the general direction of New Orleans. Flock after flock took off in like manner until they were all gone. This required less than an hour. Noisy though they were before, now the silence they left behind was deafening.

While most of our local birds have left for the winter, there are lots of birds around (noisy ones) — the ones from north of here who are on their way south and who are tarrying here, tak-

ing advantage of the bluebird weather and the generous larder available. In which birds are so unlike man. They eat their fill and leave the rest — unspoiled — for the next guy.

The best way to serve shrimps is to get down on all fours.

Charlie (Mushrat) Haling reports that migrating mudhens are filling up Grass Lake. These are the big, almost black, white-beaked birds, known locally as "Canadians." Not many of the small, light-gray variety are in evidence. Charlie predicts a good coot shoot on opening day. He feels that these birds will stick around in this balmy weather, while at the same time, a good reserve concentration of 'em are still up north and they should feed in here to keep the shooting good—we hope. Grass Lake Navy to battle stations!

With the upland hunting season due to explode soon, up comes the subject of rabbits. They are strict and absolute vegetarians. Ask 'em why and you'll get 'on evasive answer. Anyhow, Bill Brook, Dick Kaye and Ted Larson (he's the guy who engineered the shooting permit for the NICC) were discussing the dietary habits of these critters. One of 'em maintained that their mainstay was cabbage; another insisted carrots was their dish, while the third was equally certain that clover was their piece de resistance. At about this point the argument was beginning to wax pretty hot. Cooler heads prevailed and it was decided to latch onto a few of 'em (rabbits, girls), cut 'em in half and see what they had been eating. They did this and found they were feeding on beet greens. The moral: arguments are never settled by splitting hairs.

One reason why TV is more popular than the movies is because people prefer wide seat to wide screens.

Piscatorial Report—Stripers are on the rampage in Lake Marie. They're hitting just about everything. Shiners, crappie killers, pinkies, —you name it, they'll hit it. Vic Paulus (head floorwalker at Sorenson's Bait & Bull Foundry) caught 22 of 'em and they tipped the beam at just over 25 pounds. Poor Vic is reduced to bragging about one-pound minnows. Things are in a low state.

Just about everything is hitting in Petite Lake and the big bluegills are still working the shore in front of Clemens' place. Worms is what they're taking—weed worms yet! (Ed's got 'em).

Having a daughter in college these days is like being wiped out in the stock market.

One of my spies informs me that there is no cold weather due here until some time around Xmas, Mathon the perch converser-with, notwithstanding. At any rate, the weather should be just about perfect for the NORTHERN ILLINOIS CONSERVATION CLUB'S turkey shoot, Sunday November 10.

(continued on page 10)

A survey of some 5,000 persons by a leading market research organization under the auspices of the Outboard Boating Club of America has uncovered some interesting facts about boat trailer ownership. It was found that 54.2 per cent of those interviewed owned a boat trailer. The ratio was highest in suburban areas where some 60.2 per cent trailed their boats. In cities the margin was 50 per cent and in rural areas it was 67.6 per cent.

TIPPER FLINTOCK

"Hunting and shooting are lots of fun. More so when expertly and safely done."

They're still at it! Hitting that little white pellet and then spending an hour looking for it and another four hours alibiing about it. This time Ed Sorenson pounded Fe Weiss into the rocks by seven strokes. Fe is back at the harbor (Sequoia, girls) chewing the transom out of Cheryl's dreamboat. The others, including Helme Ellis, just quietly oozed out of the picture.

Take due notice thereof and govern yourself accordingly.

633, to claim the scoring spotlight for the weekly meeting of the Di-State League. Slavik had sets of 190-221-222, and teammate Wayne Helwig had a big 586, good for a double win over Dalgard's IGA, and Colonial, the winning team, rolled 2898-1005 to maintain first place. Rudolph Turkey Farm, knotted for first place with Colonial, grabbed two from Gibbs & Jensen with Gus Siedschlag leading the way with 562.

Rodger Kruse with a slam of 616, led his team, Tap-Chops and Cherries, to a double win over Beau-Vue products. Mike Ozga sparked Hayden Homes to a pair of games, with a big 600, over Slide Inn, who tried very hard. Ed Drinkwine was high with 574.

Ed Slavik leads the pack with 184, followed by Wayne Helwig with 182, Ted Ozga 182, James Graham 178, Earl Barnes 170, Robert Morton 176.

Inside Antioch High

By Marilyn Gras

This is the week that all the students at Antioch have been anxiously waiting for. Last Thursday, ended the first six weeks grading period, and tomorrow report cards will be distributed. Students receive a different report card in each class.

On Saturday three Seniors will represent ACHS on the quiz show "It's Academic." These three will be chosen from Jerry Berke, John Anderson, Shirley Reichenbach, Judy Stoffel, Stanley Sutherland, and Norbert Wolter. The program that is taped Saturday will be shown sometime in November.

Tonight the College Night program will begin in the auditorium at 8:00. Ten different educational institutions will be represented. They are: Carthage College, DeVry Technical Institute, Illinois Institute of Technology, Illinois State Normal, Kendall College, Mundelein College, Northern Illinois University, University of Chicago, University of Illinois, and Western Illinois University. This is the second year that such a program has been held at Antioch.

The Fine Arts Department is currently selling season tickets to all high school productions. The price of the tickets is \$4.00 for adults and \$2.00 for students. Tickets will admit the holder to the Fall Play J. B., the Fall Band Concert, Oedipus the King the Spring Play, and the Spring Vocal Concert.

Antioch had another unsuccessful football weekend. All three teams, Freshman, Sophomore, and Varsity, dropped their games to Warren. A brighter note, however, came from the Cross Country runners; the Sequoia placed fourth in the Conference meet held at Crystal Lake October 18th.

Studies by The Travelers Insurance companies show driver error and lack of judgment were responsible for 32,300 deaths and more than 2,900,000 injuries on U. S. highways in 1962.

Trick or Treat For Unicef

Again this year, the Antioch Methodist church school children in grades 1 through 6 will go out to "Trick or Treat" for UNICEF, the United Nations Children's Fund. During the first 15 years of its operation, UNICEF supplies have enabled 148 million children and young adults to be vaccinated against tuberculosis; 17 million mothers and children have been cured of yaws; 9.7 million mothers and children suffering from trachoma and acute conjunctivitis have been saved from blindness; and 700,000 have been treated for leprosy. Besides these, millions more mothers and children have been protected from malaria and

benefited from supplementary feeding programs.

The local drive will take place from 3 to 5 p.m. on Sunday, Oct. 27. The children in costume, will leave the church in supervised groups. Each group will have an assigned area to canvass so people will be asked to contribute only once. After their area has been covered each group will return to Wesley Hall to be entertained at a party given for them by the Methodist Youth Fellowship. The party will be from 5 to 6 p.m.

Last year about 70 boys and girls participated and \$126.50 was collected. It is hoped that the people of Antioch will once again have their pennies, nickels, and dimes ready so we can help our children to learn to help others less fortunate than they are.

It pays to be a good listener while operating an electrical appliance. Any change in sound, particularly a raspy or uneven noise, indicates possible defect or malfunction. The machine should be stopped at once and the trouble investigated according to the Institute for Safer Living.

New information on the habits of boat owners throughout the United States is now available as a result of a survey by a leading market research organization under the auspices of the Outboard Boating Club of America. For example, it was learned that the average time spent on the water per boat trip is more than five hours. Five thousand persons were interviewed in the survey.

Conolly Runner-Up

State Representative John
H. Conolly (R-Gurnee) was
named runner-up "Best
Freshman" of the Illinois
General Assembly.

The Illinois Political Re-
porter, a monthly summary
of political news, polled legis-
lators, public officials of both
parties, lobbyists, and private
citizens with unusually keen
knowledge of state politics to
ascertain what first term
legislator in the Illinois
House they considered the
"Best Freshman." Conolly,
the youngest state representa-
tive ever to represent Lake
County, was runner-up to
House members Robert Mann
(D-Chicago) and Richard A.
Walsh (R-Oak Park) who
tied in the voting.

Conolly serves on five
House committees and has
recently been appointed to

Springfield—Motor vehicle
registration for the first
three-quarters of 1963 was
61,347 greater than for the
entire year of 1962, and was
136,506 more than on Sept.
30 a year ago, Secretary of
State Charles F. Carpenter
has reported.

For the first nine months
of this year, registration
reached 4,254,813, as com-
pared with 4,118,247 at the
same time a year ago and
with 4,193,466 for all of 1962.
Mr. Carpenter said. Increas-
es were noted in all cate-
gories.

Anarchy is doubtless the
most attractive of all systems,
but, alas, the least efficient.

Health Dept. Warns Against Use of Water Proofer X33

The Lake County Health
Department has warned
householders and others a-
gainst use of "X-33 Water
Repellent," an extremely
flammable masonry water
proofer. Dr. Arthur G. Bak-
er, Director, urged consum-
ers who have purchased the
product to return it unop-
ened to their dealers immedi-
ately because of the extreme
risk of flash fires and ex-
plosions. Householders are
warned against trying to des-
troy or dispose of the prod-
uct themselves without first
consulting their local fire
department.

The X-33 product as man-
ufactured up until about two
months ago has a flash point
(point of ignition) at a tem-
perature below minus 40 de-
grees F. The product manu-
factured since then has been
changed and has a flash point
of 73 degrees F. However,
Dr. Baker said, since the
labels on the cans do not in-
dicate which product is
which, and because of the
extremely flammable nature
of the old product, all cans
of X-33 Water Repellent
should be returned to the
dealer. The user runs the
risk of possible death or se-
vere injury because of the
highly hazardous nature of
the old product.

Steps are being taken to
remove the extremely flam-
mable water proofer from
the market; it is distributed
by the Wilmington Chemical
Corporation of Chicago.

In all, eight injuries and
one death have been report-
ed due to X-33 explosions.
The latest case involved the
death of a housewife and se-
vere burns to her husband
last May 28. The housewife
painted her basement walls
with X-33. When she fin-
ished, she sat down to rest.
The windows were reported
opened and no pilot lights
were on. Suddenly an ex-
plosion and flash fire oc-
curred. Her husband, on
the floor above in an attach-
ed garage, was severely
burned and the roof was
blown off the garage. The
housewife died two days
later. FDA said the cause

of the ignition could not be
determined.

The product first appeared
on the market early in 1962.
The wrap-around paper label
was inadequate under the
Federal Hazardous Substance
Labeling Act. The firm de-
vised a new sticker label to
send to dealers for attach-
ment to the cans. The 20
odd seizures involved cans of
X-33 which failed to bear the
new label.

The revised label would in-
clude as a part of a prom-
inent and conspicuous warn-
ing statement, the following:
"The potential hazard from
the use of this product is so
great it is recommended the
user, before applying the ma-
terial, consult with a profes-
sional expert in handling
such highly hazardous ma-
terials to minimize the
chance of personal injury or
property damage."

1964 License Plates Are Available Now

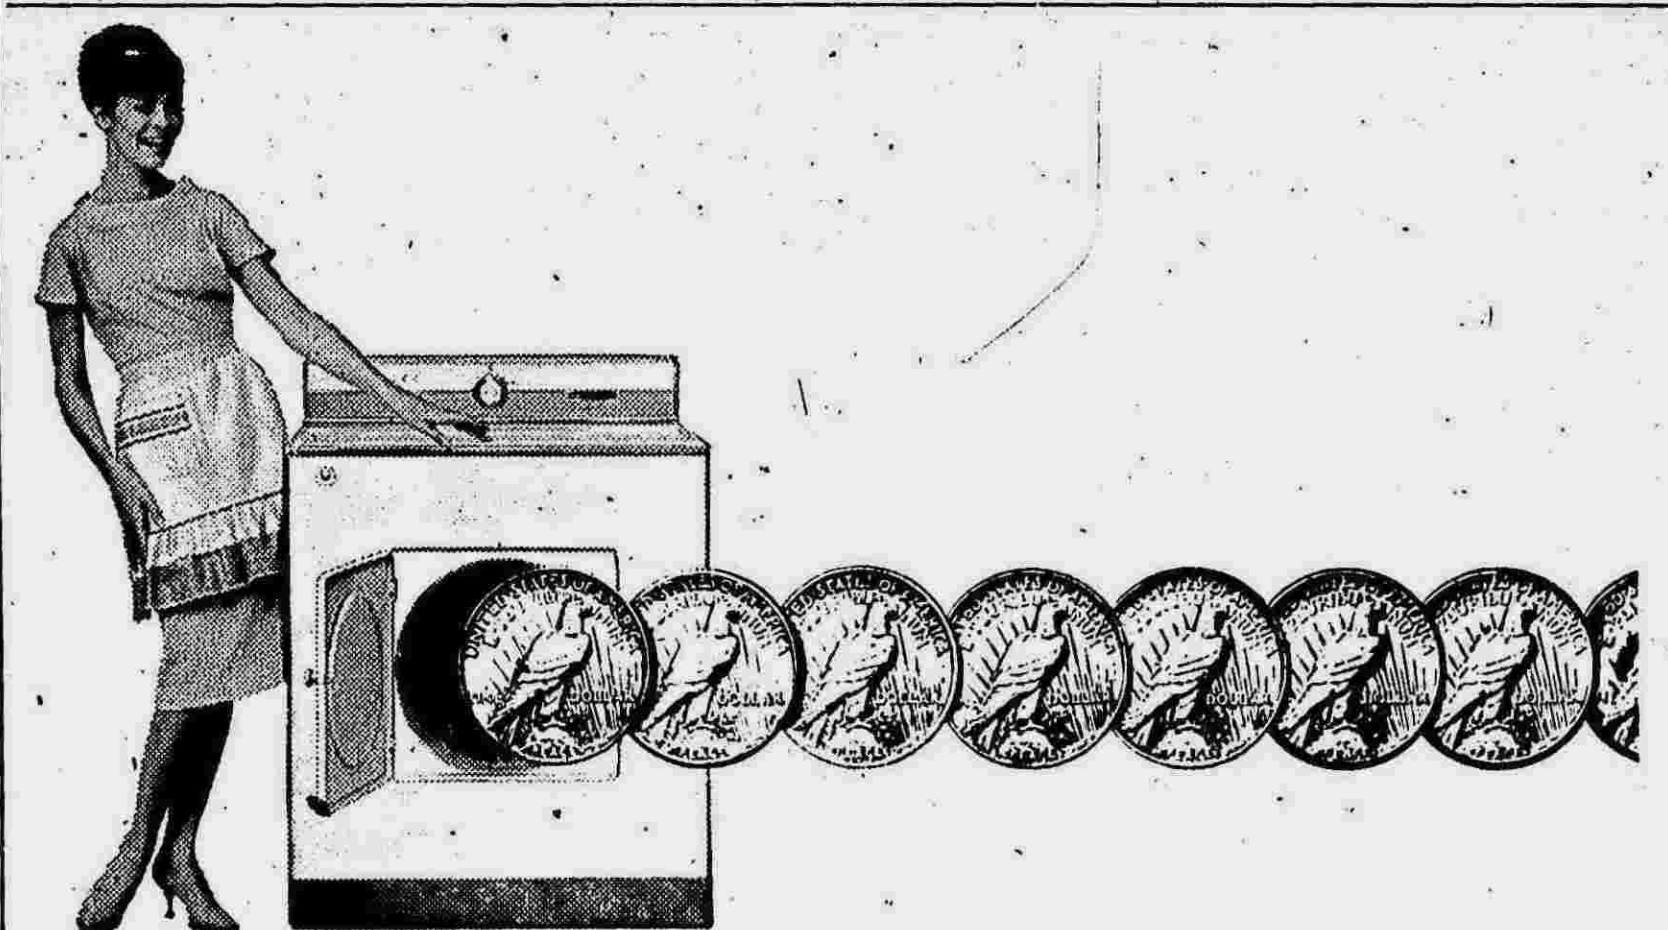

The Chicago Motor Club
reminds Illinois drivers that
application forms for 1964
Illinois motor vehicle license
plates have been distributed
throughout the state by
Charles F. Carpenter, sec-
retary of state.

Car owners may apply im-
mediately for next year's
plates. Mailing of new plates
will begin Dec. 1.

Persons wishing to retain
their present license num-
bers for next year or desir-
ing to apply for other dis-
tinctive combinations must
have their application on file
in the secretary of state's of-
fice in Springfield by Nov. 1.
Illinois 1964 license plates
will have white numerals and
letters on a purple back-
ground.

REALTORS BOARD MEETING

The Waukegan-Lake Coun-
ty Board of Realtors will hold
their October meeting at 7
p.m. at the Charcol House on
October 28. Principal speak-
er will be Herbert F. Harris-
son of McHenry. In addi-
tion, there will be a report
on the State Convention.

Now—buy a new
electric dryer
and save up to \$60

In the next 60 days over 25,000 Chicagoland people will buy
dryers—most will be flameless electric. Read why you should
buy electric. Right now—and for a limited time only—
Commonwealth Edison and Public Service Company, in coop-
eration with your dealer, offers you a chance to save as much
as \$60 on any new flameless electric dryer. (A cash bonus of
\$20 from Commonwealth Edison, plus up to \$40 that you
normally save when you buy an electric dryer instead of gas.)
For the average family, this equals about 3 years of free drying!
And electricity is simplicity. Because there are few moving
parts, electric dryers cost less to maintain. And with no pilot
light, your dryer costs nothing when not in use. Clothes dried

electrically also come out fresher and cleaner because there are
no fumes, flames or products of combustion to mix with them.
What's more, nothing dries clothes faster than today's electric
dryers. (Only 20 to 30 minutes for a full load.)
See your dealer now for details. Satisfaction on any flame-
less electric dryer is guaranteed, of course.
